SUSPICIOUS CREATURES

Series Part 1 (Probably the Last One)

Marumin (Temporary Name)

A mysterious creature that sometimes pops up around Kyushu. It doesn't like people, and usually shouts "Crap" or "This is bad" or "I'm gonna get made fun of" when spotted, and runs away into the woods. Someone who has actually seen it said: "That there's probably just my neighbor Shimoyama." Maybe someday the ~~Shimoyama~~ Marumin will appear around you too.
